GIT ALONG LITTLE DOGGIE

Real doghouse is Patrick, two-year-old son of Mr. and Mrs. Dennis O'Brien of Calgary, whose cayuse is champion St. Bernard, Manitou Excelsior II, but who masquerades under the name of Prince, Eau Claire Avenue children enjoy riding in the special-made western-style saddle.

Faster Airmail Delivery Comes With New Service

CONVICTS EARN \$7,500 A YEAR

THRENTON, N.J., April 29. —(CP)—Prisoners in New Jersey's penal institutions were ordered today to cease large-scale jewelry manufacturing for sale to the outside world. The state institutions department put a yearly income limit of \$400 on sales when it learned that some prisoners' incomes amounted to \$7,500, the salary of a warden.

Troops Hunt Killers Of 12

MANILA, April 29.—(UP)—Two thousand Filipino troops supported by planes and tanks searched today for the guerrilla band which ambushed and killed Mrs. Manuel Quizon, widow of the first president of the Philippines and 11 others yesterday.

Survey Parties Start Regina Pipeline Link

Two ground parties will start surveying the Imperial oil pipeline route linking Edmonton to Regina, Monday. The announcement was made today by S. C. Coult, newly appointed vice-president and general manager of the Imperial Pipeline Co. Ltd.

Mr. Coult, a Canadian who pioneered the Royalite Oil Company, will take over his new duties at Edmonton Monday. He was previously president of the Imperial Pipeline Co. Ltd.

Cool, Cloudy Weather Here

Edmonton skies will be variably cloudy tomorrow with light winds and little change from today's temperature. High for tomorrow will be 30, with overcast and light rain tonight. High for tomorrow will be 30, with overcast and light rain tonight.

Great Bush Fire Rages At Rocky

Piles of Lumber Mine Props, Ties Are Threatened

(Special To Edmonton Bulletin) ROCKY MOUNTAIN HOUSE, April 29.—Huge piles of cut lumber, mine props and ties are threatened by the worst forest fire in five years raging 15 miles north of here.

The Alberta forestry department has rushed 100 men with all available fire-fighting equipment to the scene.

Handful of settlers living in the area are in no immediate danger but forestry officials are worried over the situation. Fire is sweeping through tinder-dry second-growth bushlands. Only heavy rains can prevent great loss to standing timber.

DRAYTON VALLEY FIRE

Rocky Mountain House is about 150 miles southwest of Edmonton in the foothills of the Rockies. Fire-fighting reinforcements have also been rushed to the Drayton Valley area, about 85 miles west and south of Edmonton where 30 men and two bulldozers are battling a large bush fire.

A new forest fire has also flared up in the Breton district, 85 miles southwest of Edmonton.

SMALLER BLAZES

Two 10-man crews are also fighting smaller fires near Whitecourt, 135 miles northwest of Edmonton.

Absence of rain makes the threat from forest fires most serious in many years, officials stated today.

At the moment the situation in the Rocky Mountain district is the most serious. High winds of the past week have driven the flames through the parched forests.

Cause of this fire, which is raging between the Blagay and Talmi schools, was not ascertained.

FOURTH 'SHOT' HITS BRIDGE STREET CAR

More "shots" were fired at a street car on the high level bridge last night. Inspector J. Meyer, Edmonton Transit System, told police shots had been fired at a street car on the north end of the bridge at 6:30 p.m. last night. This is the fourth time similar incidents have been reported during the last week.

Investigating police decided the missiles were from sling shots.

Police investigated the new report but could find no trace of the "sniper."

Parliament Near Its Final Hours

OTTAWA, April 29.—(CP)—Prime Minister St. Laurent will make his recommendation for dissolution of parliament to the governor-general at 6:30 p.m., EDT (3:30 p.m., in Edmonton), the Canadian Press learned authoritatively today.

At that hour, Mr. St. Laurent will motor out to Government House and place his recommendation before the governor-general.

The governor-general traditionally accepts the recommendation. This is despite a Government House statement issued today which said Viscount Alexander had received the prime minister's recommendation.

That hour, Mr. St. Laurent was just leaving a cabinet meeting. The government house statement presumably had been issued in anticipation of the event.

DISOLUTION TOMORROW The CP learned that Mr. St. Laurent will not dissolve parliament tonight. Rather, parliament will be prorogued and a proclamation of dissolution issued tomorrow in a special edition of the Canada Gazette.

That proclamation will be accompanied by the proclamation announcing the date of the election.

That date will be Monday, June 27.

It is not apparent yet whether the commons will be called upon to elect tomorrow.

(Continued on Page 2) See "Parliament"

Four Killed In Collision

BARRIE, Ont., April 29.—(CP)—Four persons were killed last night in a head-on collision between a pickup truck and a car.

The pickup truck, a 1947 model, was travelling south on Highway 101 when it collided with a 1946 Ford sedan travelling north.

The impact drove the truck back into the cab.

Dead are John Walter and Lloyd Robbins, both of the Lake Simcoe summer resort of Belle River. Donald J. Hill of Barrie, Ont., and a Mrs. Charles of Belle River. All were about 35 years old.

Injured and in hospital here are Mrs. Walter and Mrs. Hill, wives of the two victims.

Ingrid's Husband Arrives In Rome

ROME, April 29.—(AP)—Ingrid Bergman's husband, Peter Wulff, arrived here today by plane and is expected to leave for Stockholm tomorrow.

Wulff, 35, is a Swedish actor and director. He and Bergman were married in 1945.

Wulff is expected to leave for Stockholm tomorrow.

Wulff is expected to leave for Stockholm tomorrow.

Wider Market Need For Oil Stressed

SARNIA, Ont., April 29.—(CP)—Imperial Oil Ltd. plans to spend \$53,000,000 on oil in western oil, President H. H. Hewett told today's annual meeting. This is for further expansion of the company's oil development, transportation and other projects involved in expanding the market for Alberta crudes.

It compares with \$40,000,000 spent in previous operations in the last two years, of which \$30,000,000 was in the last year. For equipment and supplies in Canada, the company in 1948 spent \$37,000,000 with 4,000 Canadian firms.

"It is not possible at this time," said Mr. Hewett, "to make dependable estimates of how much oil has been proved up by our western discoveries and what our share of it will be."

"We know that at Leduc, Woodbend and Redwater there may be more than 200,000,000 barrels of oil. There is no information for anything but the vaguest guess as to how much of this oil is recoverable."

Alberta Anglers Get Started May 1

Tanner Announces Changes
In Bow River Main Stream

Hon. N. E. Tanner, minister of lands and forests, today announced changes in the 1949 angling regulations.

An important change affecting the Bow River now permits angling in the main stream of the Bow River upstream from Louisa Bridge in Calgary to the Louis National Park boundary to commence May 1 instead of June 1. Anglers are cautioned that the earlier opening date applies only to the main stream of the Bow and not to any tributaries.

OTHER DATES

Opening date for waters containing trout, grayling and Rocky Mountain whitefish, from the international boundary to the Louisa Bridge, will be May 1 and the season will extend to Oct. 31.

Opening date for trout waters of the Red Deer River, the North Saskatchewan river and its tributaries, will be May 1 and the season will close Sept. 30.

The season for the Athabasca River watershed will open June 1 and will close Oct. 31 and anglers may fish in lake trout waters from May 1 to Sept. 15, both days inclusive. In other waters of the province, angling for lake trout, pickerel (walleye), perch or goldfish, is permitted from May 18 (through to March 31, both days inclusive).

Mr. Tanner also announced that pickerel now has been included in the minimum size limit and that pickerel less than 12 inches in length caught by angling shall be retained but must be returned to the water alive and if possible unharmed.

The minimum size limit for rainbow trout, cutthroat trout, brook trout, Loch Leven trout, grayling and Rocky Mountain whitefish remains unchanged at eight inches, and lake trout—12 inches.

Men Placed On Suspended Term For Contributing

Two West Jasper Place men, charged with contributing to juvenile delinquency, today were placed on two years suspended sentences on their own bonds of \$100 each.

Conditions of the suspended sentences for John Hanks and James Johnson, were that the pair would return to their farm at Hanks and report regularly to the Alberta RCMP detachment.

Courts was told that for the past year, or so, both accused had "enjoyed" young boys to their house. Charge pictures and literature had been shown to the youngsters, who ranged in age from nine to 15 years.

Director of research and economic control for Trans-Canada Airlines, H. C. Coffey of Winnipeg, is an Edmonton business visitor today.

FINLAY'S RETURN
Macedonia hotel manager, Claude Finlay and Mrs. Finlay returned to Edmonton today after a three-week motor trip in the Western United States. Mr. and Mrs. Finlay were travelling in Oregon when an earthquake which took seven lives, shook the state. Canned goods piled from the shelves of a confectionery store in which they were shopping during the minute-and-a-half "quake." Mr. Finlay said, and the ground appeared to "heave."

ON BUSINESS
A. G. Rowan, sales manager for Marmac Oil Co., Ltd., Winnipeg and former South Side hockey star, is visiting Edmonton on business.

Drama Club Has Big Year

Year of unqualified success was reported at the annual meeting, last night of the Edmonton Community Theatre.

Meeting at the Museum of Arts, members of the theatre group heard that the past season had brought about further exchange of plays and advanced good will between Edmonton and Calgary.

The Kerr Trophy, an award for the best performance of the season, was won by Mrs. Margaret Mayo, 1119 43 street for her portrayal of Vinney in "Life with Father."

Mrs. Kay Farnham, 12720 111 avenue, was awarded the Walker Trophy—best of George Bernard Shaw, made and presented by Mr. O. J. Walker, for the most valuable contribution to stage craft during the year.

Officers elected were, president, Mrs. H. B. Clifton; vice-president, Charles Sweetlove; secretary, Norma Friebe; treasurer, Cecil Cason; business manager, Richard Locke; production governor, Leslie Pritchard; organizational secretary, Mrs. Allan Macdonald; board member, Daisy Junkin.

Mrs. H. C. Spence, retiring president, was the chair.

Hillman Cars
Down In Price

TORONTO, April 29.—Bentley Motors, Ltd., today announced a 550 reduction in the price of the Hillman Mini Sedan.

Effective immediately across Canada, the price cut is in line with Bentley Motors' policy of keeping the cost of their products as low as possible in Canadian markets.

Manufactured in England by the Bentley Group, the Hillman Mini Sedan is marketed in Canada by a coast-to-coast dealer and service organization.

HAPPY TEARS were shed by many of the 46 nurses who were in the Misericordia hospital graduating class last night. Miss Victoria Koytovich and her mother showed their happiness last night following the impressive ceremony, as proud sisters Nettie (left) and Lucy smile on.

Calder's New
Community
Hall Opened

Midst roast beef and roses, Charles Simmons, president of the Edmonton Federation of Community Leagues called Calder together to wipe out the "unnecessary" debt on the new community hall.

At the official opening of the new Calder Community Hall last night citizens of the district were asked to take more responsibility for the \$8,000 still owing on the building.

The massive building, nearing completion, has been erected through efforts and advice of the district residents, and \$27,000 has already been spent.

"You must accept the hall morally, as a gift," said Simmons, "and financially too."

ONLY 20 PER CENT

He spoke of the Federation's vision of such halls in all communities and a large central community auditorium; and of the attempts which had been made to contrast the city for grants equal in the money raised. The present grants are 20% of the total building costs.

Also speaking at the dance-and-dine evening was J. C. Beckett, president of Calder Community League.

And while roses bloomed on the tables and Caldeira carried roast beef remains out the side door, the dinner tables were folded and dancing began.

HARD STUDY brought rewards to half-a-dozen graduating Misericordia hospital nurses last night, and Dorothy McQuitty, RN, showed highest grades over three years of study. Presenting her with the Hospital Medical Staff's award is Dr. H. E. Rawlinson.

46 Nurses Graduate
From Misericordia

... and devote myself to the welfare of those committed to my care."

Smiles shone through tears last night in the University of Alberta's Misericordia Hospital repeated their Nightingale years before an overflowing crowd of 1,500 mothers, fathers, friends and well-wishers.

The graduation marked the end of three years of hard study for the nurses from all over the province. And as class valedictorian Miss Lillian Plastiras, RN, said so eloquently:

"We leave our old halls happily, and yet, sadly. No one of us here tonight can look back and not feel deeply what these three years have meant to each and every one of us."

Dr. Malcolm R. Row, deputy minister of health for Alberta, struck the key-note of today's medical profession when he urged that nurses should recognize their graduation "only as the end of one given period of learning."

Award for highest average over three years of study, presented by the hospital's medical staff, went to Miss Dorothy McQuitty, RN, while Miss Micheline Spichuk, RN, took second honors for next highest grade.

Presented by the Sisters of Misericordia, the General Proficiency award went to Miss Helen Willett, RN.

Miss Marion Williamson, RN, was given award for best Nursing Technique, presented by the Misericordia Nurses' Alumnae, while Miss Helen Morrison, RN, won the Operating Staff's award for nursing in that field.

Operating Room technique award, given by the hospital's Surgical Staff, was won by Miss Marie Ayling, RN.

"Suffered much with constipation"

Famous renal helps where "remedies" failed

Are you among those who long for constipation relief? Then read the unsolicited letter:

"I tried several remedies but could not find old trouble. One day I saw a paper I should try KIDDO'S ALL-RHANE. I began to feel that old regularity. And it did not exaggerate, it turned out to be perfect for me!" H. Mason, 6727 8th Avenue, Edmonton, Montreal.

If your constipation is due to lack of bulk in the diet, you too may find testing relief! Eat a daily portion of KIDDO'S ALL-RHANE and drink plenty of water! ALL-RHANE is not a purgative, but a wholesome regulating agent. Eat an ounce as a regular or as medicine for constipation relief. If after using a package you are not entirely satisfied, get double your money back as guaranteed on all packages. Buy KIDDO'S ALL-RHANE from your grocer, today. Made by Kellogg's of London, Ontario.

Oats, Barley Equalization Cheques to Come in May

WINNIPEG, April 29.—(CP)—Cheques covering levies of oats and barley from Oct. 22, 1947, to July 31, 1948, will be released to producers through handling companies beginning May 2, the Canadian Wheat Board announced.

The payment for oats amounts to \$2,640,530 and for barley to \$2,189,360. The board has said that the collection of equalization fees on exports of oats and barley was discontinued Aug. 1 last, the current payment will represent the last distribution of oats and barley equalization funds.

LARGE SURLUSES
Transactions in the oats and barley equalization funds administered by the board for the year ended July 31 last resulted in a surplus on the oats equalization fund of \$4,500,770, and a surplus on the barley fund of \$4,400,000, after allowing for necessary payment expenditures.

On the basis of the 1947-48 producers' deliveries, as reported to the board by the handling companies, the payment to producers on oats is 6.50 cents a bushel and on barley 6.70 cents a bushel.

STARTED MARCH 7
The distribution of cheques to individual producers delivering oats and barley to country elevators or authorized dealers from Aug. 5-Oct. 21, 1947, was begun March of this year.

Delivery records for this period:

Senate Passes Atlantic Pact

OTTAWA, April 29.—(CP)—A unanimous expression of support for the North Atlantic treaty yesterday put the senate on record as the first North American legislative body to give formal ratification to the defensive alliance.

While a ratification measure remained on the common agenda for action later this week, the upper chamber whipped through a similar resolution in 15 minutes after hearing short speeches of bipartisan endorsement.

The house rose in a body to give a standing vote of approval after speakers had emphasized the non-repressive nature of the treaty and declared genuine Canadians were solidly behind it.

The senate also gave final readings to government measures bounding the heads of federal contributions to old-age pensions by \$10 and authorizing provincial marketing boards to engage in international and export trade. Both these bills, passed by the commonsense, now become law.

Blue Baby's Mother Offered Toronto Home

CALGARY, April 29.—(CP)—A kind-hearted Toronto woman, Mrs. V. Pearson, yesterday offered the use of her home to the mother of a Calgary "blue baby."

Mrs. Marie Anderson of Calgary said today she had received a wire from Mrs. Pearson offering her the use of the Pearson home while she was in Toronto to be with her 13-month-old son, Lloyd. The baby is expected to be flown to Toronto shortly to undergo an operation.

Earlier this week Calgary citizens contributed more than \$1,000 in less than five hours to send the baby to Toronto. The baby is suffering from a congenital heart condition.

Received By King
LONDON, April 29.—(CP)—Letter Pearson, Canadian foreign minister, was received by King George today in a courtesy call.

Canada Rejects Poland's Protest

Art Treasures' Charges Denied in General Assembly

By Norman Altstetter
NEW YORK, April 29.—(CP)—Canada today rejected as "false" Poland's statement in the United Nations that the Dominion agreed to take custody of disputed Polish art treasures.

Gen. A. G. L. McNaughton of Canada replied before the 48-member general assembly in an attack on the Dominion made last Tuesday by Polish delegate Julius Kats-Suchy.

The art treasures sent to Canada in 1940 to escape Nazi seizure, McNaughton said, never were in possession of the Canadian government. He added:

STATEMENT FALSE
"Mr. Kats-Suchy stated that the Canadian government agreed to take custody of these valuable treasures. This statement is false. Exactly the contrary is true."

Kats-Suchy made no move to ask the U.N. to settle the dispute. In Ottawa, however, Eugeniusz Minkiel, Polish minister to Canada, said Wednesday if Canada does not return the treasures Poland will consider taking up the matter before the United Nations or the international court of justice.

The art treasures, valued at several millions of dollars, are composed largely of Gobelins tapestries and manuscripts. Most of them are held in the Quebec provincial museum under the orders of Premier Maurice Duplessis. Four chests of the valuables were returned to Poland.

COURTS ARE OPEN
The Canadian delegate suggested the courts of Canada were open to Poland if she sought redress of any grievance. He added:

"The government of Canada does not possess the power to seize property arbitrarily. . . . The representative of Poland may not be able to understand this, but an aware that it will be understood by the representatives of all genuinely free and democratic countries."

Aged Offender Shoots Self To Foil Arrest

TIMMINS, Ont., April 29.—(CP)—Police said today 15-year-old William Daniel Hagen shot himself to death Wednesday night when two officers approached him backwoods cabin to arrest him for liquor offences.

Constable Tom Houlden of the Ontario Provincial Police said he and Constable Tom Spinkas heard a shot as they approached Hagen's cabin, 20 miles west of here, to arrest him.

The two officers said Hagen knew they planned to arrest him.

DIAPERS

... and dollars

MADE-IN-CANADA textile goods, ranging from soft cotton diapers to tough industrial fabrics, have helped in the battle to save U.S. dollars. Modernization and expansion of plant capacity in certain key industries in Canada has meant more goods made at home, fewer to be imported. Textiles is one of those key industries.

Dominion Textile, a part of the primary textile industry in Canada, is proud to have had a role to play in this important venture. The modernization of our plants which we have undertaken is part of our natural responsibility of keeping up with the times, of maintaining plants and equipment at a high level of mechanical perfection in order to increase the supply of top quality cotton goods for the consuming public and provide the best and most effective working conditions and opportunities for our employees.

It is gratifying to know that following this policy has meant further assistance to the Canadian economy beyond our normal contribution of producing goods and providing jobs.

'Fortune My foe' Pleasing Drama

Makes Hit With Audience At Dominion Festival

By Kay Rex

TORONTO, April 28.—(CP)—The Ottawa Drama League last night presented "Fortune My foe," the Canadian comic satire on the desire of some Canadians to emigrate to the United States, before a large and appreciative audience at the Dominion Drama Festival.

The author of the three-act play, Robertson Davies of Peterborough, Ont., attended with his wife, Mr. Davies is editor of the Peterborough Examiner. The play is set in a waterfront establishment near Kingston, Ont., in which liquor is served in a room where a professor's efforts to persuade a young assistant professor to give up the idea of moving to the United States.

The largest audience since the festival started Monday, close to 1,500 persons, applauded heartily after the final curtain. There were calls of "author" and Mr. Davies stood up in his orchestra seat to take a bow.

At the close of the performance, it was only a few minutes before author Philip Hope-Wallace was on the stage thanking the Ottawa Drama League and author Davies for an "extraordinarily good time."

It was an evening of special triumph for both the Canadian playwright and the O.D.L. A short

Inside Hollywood

By Bob Thomas

HOLLYWOOD looks on this mid-spring day: Another Hollywood landmark has been the dust, figuratively speaking. This time it's Claudette Colbert's bang. She has abandoned them for her new role as a Japanese prison-camp inmate in "Three Came Back." It will be the first time in 17 years she has appeared without them on the screen.

The film town seemed to be getting more self-conscious. Of the 20 picture studios showing here, three were about Hollywood. Charlie Chaplin and Mary Pickford who have lived the film business these many years with their stormy courtship of United Artists, almost sold out. But they were at the last moment and more likely for U.S. are assured.

Another edit of full production

he off for Europe to see his potential bride, Jennifer Jones. In Washington there were talks about getting a better deal for American films in Britain. The prospect brought a new wave of optimism about economic conditions in Hollywood.

Recently I had talks with Gloria Swanson and Eric Von Stroheim and it was a pleasure. These crumpers latched with interest and talked provocatively on a variety week, and David O. was soon to of subjects.

GREGORY PECK ANNE BAXTER RICHARD WIDMARK

YELLOW SKY

STARTS TODAY CAPITOL
A FAMOUS PLAYERS THEATRE

EXTRA! DISNEY CARTOON—"PUSSY PUSSY"
WORLD NEWS, ADVENTURE IN COLOR, "FOALED PO FAME"

GOLD, GLAMOR AND GUNS in the Old West form the stirring theme of *Yellow Sky*, the Twentieth Century-Fox attraction opening today at the Capitol. This might be just another thrilling western if it were not for the starry cast of Gregory Peck, Anne Baxter and Richard Widmark. As an outlaw who surrenders to the charms of a prospector's daughter, (Anne Baxter), bad man Gregory Peck puts on a grand performance.

'Yellow Sky' Tense Drama Of Desert Now at Capitol

Pairing Gregory Peck and Anne Baxter for the first time on the screen, and presenting Richard Widmark in another role calculated to advance his standing as Hollywood's most provocative new star, "Yellow Sky," Twentieth Century-Fox's new emotional drama opens today at the Capitol theatre.

The film is a tense and gripping story of elemental emotions played out against a rugged outdoor setting as primitive as the land.

DESPERATE MEN

It unfolds the story of seven desperate men, who, forced to take refuge in a ghost town, stumble across a treasure horde of gold and a pretty girl whom they each mark as their personal prize.

Tension mounts as Gregory Peck finds himself matched against the cunning of Widmark for the girl and the gold.

Out of this situation arises a writer of antagonisms and hatreds resulting in a climactic showdown between the two men, as they are pitted against each other.

Marking his first appearance since the Academy Award-winning "Gentleman's Agreement," Gregory Peck appears in the role of "Stretch," the leader of the desperados.

HARDENED GIRL

Miss Baxter adds to her wide range of roles with the part of "Mike," the desert-hardened girl who fought for life and found love.

Widmark is "Duke," the sly and treacherous gunman. Others in the cast include Robert Ashbur, John Russell, Henry Morgan, James Burton and Charles Kemper.

If you can push a button...

you can take pictures with the modern Ansco Panda Camera. All you do is locate your subject in the big, brilliant finder—then push the red shutter button. The Panda's factory-focused lens takes care of all the rest. Takes 12 big pictures on a 620 roll. At our camera counter—now—

THE BRITISH CRUISER London returns to Shanghai after a vain attempt to aid the disabled ship, HMS Amethyst, which had been driven aground in a running fight with Chinese Communist artillery along the Yangtze river. The London, 10,000 tons, was badly battered by shelling, and 15 crewmen were killed and 20 injured.

Dairymen Foresee Huge Butter Stock Surpluses

OTTAWA, April 29.—(CP)—The National Dairy Council today forecast tremendous surpluses of butter in the hands of the government unless a policy was adopted to place butter in a more favorable competitive position with margarine.

Introduction of margarine in Canada and a steady decline in export market conditions "have presented new problems of considerable magnitude" to the dairy industry, the dairy council's president, J. H. Duplan, said yesterday.

BRIEF FOR CABINET

He presented the council's butter, milk and cheese troubles in a brief addressed to Prime Minister St. Laurent and members of his cabinet.

The brief urged an immediate announcement to clarify the government's stand on the purchases of butter to support prices and other aspects of the dairy situation.

It proposed that an advisory committee which would represent the butter industry be established under the agricultural price support act to help the government administer its floor prices on butter.

NO EXPORT MARKET

Surpluses of concentrated milk products were rapidly building up and there was no satisfactory export market in sight.

And cheese, of which there had been a surplus last year, was now edging towards a surplus. There had to be found a new export market over and above the 30,000,000 pounds which Canada had agreed to supply the United Kingdom during the current year.

Mr. Duplan said in his brief: "Failure to announce administrative policy in having leading and harmful effects on all branches of the industry."

Agriculture, the most important of Italian industries, engages over a third of the population.

Voting in Nfld. Set for May 27

Liberals and Conservatives To Seek Provincial Seats

ST. JOHN'S, April 29.—(CP)—Newfoundlanders vote May 27, their first political election in 17 years.

Intensified premier Joseph Smallwood announced the provincial election date last night before 1,200 delegates and guests to the first convention of the Newfoundland Liberal party. Nomination day is May 17.

Refinery Fire Not Too Serious

REGINA, Sask., April 29.—(RUP)—The \$25,000 fire at the Imperial oil refinery here yesterday will result in only a minor production lag, C. R. Moore, refinery superintendent said today.

Moore, who was flown here from a conference in Saskatoon, said emergency equipment would not be used next week.

Causes of the two explosions and the fire that followed was not known.

No one was injured.

IN HOLIDAY MOOD

His audience descended on this capital in a holiday mood. They jammed in from fishing villages and the paper mills and cheered over the roll of drums for the dynamic little man who led the island's fight for Confederation.

Premier Smallwood, backed by his 10-man cabinet, stood on the convention hall platform and asserted: "As of tonight, the Liberal party stretches from St. John's to Vancouver."

LAST VOTE IN 1932

Newfoundland elects its last provincial government in 1932 and shortly after last responsible government.

Idlers have only a month to choose between two parties in the provincial field—the Progressive Conservatives already are firmly entrenched and have signified their intention of contesting all 25 districts and 28 seats. The CCF is not expected to enter the pro-

PAMPERING BY MOTHER HIT BY MAGISTRATE

WINNIPEG, Man., April 29.—(RUP)—Magistrate D. G. Power yesterday told the mother of a 25-year-old man, convicted on a narcotics charge, her son would have been a better citizen if she had not pampered him.

John Lavery, 25, pleaded guilty to possessing narcotics and was remanded one week for probation. His mother told court her son had a home and did not need to work.

To which Magistrate Power replied: "If your son had to work instead of being pampered, he would have been a better citizen."

Cement Workers OK Strike Action

CALGARY, April 29.—(CP)—Officials of the International Union of Mine, Mill and Smelter Workers, CIO, said last night employees of the Canada Cement Company plant at Exshaw, Alta., will consider taking strike action Saturday.

The union and company have failed to reach agreement in a protracted wage dispute. The employees already have approved strike action if deemed necessary.

Mercury Hits 87 in Sask.

REGINA, April 29.—(CP)—It was unusual weather all over Saskatchewan yesterday as temperatures climbed to the high 80s in most sections of the province for the hottest day of the year.

Yorkton and Moose Jaw, which recorded 87 at noon, were the hot spots. Almost everywhere reached 86 at Saskatoon and 85 at Regina.

Downtown temperatures at Regina were 87, still two degrees cooler than the all time high of 89 of April 28, 1909.

The weather bureau promised some relief from the unseasonal heat wave, predicting a 10-degree drop today. There was no rain in sight, however, to relieve the spell and possible high winds could mean more dust storms.

Lincoln-Mercury Strike Approved

DETROIT, April 29.—(AP)—The Detroit Automobile Workers, CIO, executive board yesterday authorized a strike May 5 of 5,000 Ford workers. But it withheld permission for 50,000 others to walk out. The strike permission applied to workers at Ford's Lincoln-Mercury plant here.

Come and See!

SPACIOUS, adjustable seats with plenty of leg room and pleasing decorative schemes are features of the two cabins of Trans-Canada Air Lines' North Stars which go into mainline service out of Edmonton next Sunday. Forward cabin as this one seats 24, with the rear one taking 16. North Stars carry a crew of six.

Edmonton Joins TCA's Mainline

New Service Brings City Closer Link With East, West

Mainline Trans-Canada air service through Edmonton which gets underway next Sunday, will speed Edmontonians' travel to places as far as London, England.

As a result of the new schedule announced recently by John Grahame, district traffic and sales manager, eastbound Edmonton passengers will be able to board TCA North Stars here at 6:50 p.m., arrive in Winnipeg at 11:50 p.m. and in Toronto at 3:10 a.m. Direct connections from Toronto and Montreal will allow them to be in London at 5:30 p.m. the following day.

"The new service will also bring this city to within little more than three hours from Vancouver and Victoria, on the west coast," Mr. Grahame said.

TO WEST COAST

Passengers leaving here at 2:30 p.m. will arrive in Vancouver at 7:15 p.m. and Victoria at 9:15 p.m. Under the new schedule inter-city flights between here and Calgary will be greatly improved with flights from Edmonton at 7:15 a.m., 1 p.m. and 7:30 p.m. Return flights leave Calgary at 7:45 a.m., 5 p.m. and 9:30 p.m.

The 7:15 a.m. flight from here will connect with Western Air Lines flights to Denver and Los Angeles.

Return W.A.L. flight from the U.S. will connect with flight leaving Lethbridge at 8:15 p.m., arriving back here at 11:05 p.m. "I feel that Edmonton will now receive the best air service possible," said Mr. Grahame. "and it will be continued as long as traffic merits."

Experiments in canning whale meat for human consumption have been tried by a British Columbia firm to determine the costs of handling and canning.

GRASS SKIRTS!

City Now Linked With Honolulu

Despite the fact that tourists accuse Vancouver might deny it, there is an island paradise now available to Edmonton air travelers in record time.

In 10, of course, Honolulu, and under the new TCA schedule, the land of grass skirts and leis is less than 24 air hours from here.

And what a trip for the relaxation-hungry tourist. Mr. Rabott and his weary wife may board the TCA North Star here and fly to Vancouver. There he will connect with the British Commonwealth Pacific Air Lines' giant DC-4 and in three-and-one-half hours he will land at San Francisco's giant air terminal, after a non-stop flight from Vancouver.

EVEN SLEEPERS

At 8 p.m. the DC-4 takes off. Its sleepers made up, and Mr. and Mrs. Rabott can literally float off to sleep. If they prefer to watch the coast of America disappear in the east they can do it with a cold drink in their hands from the compact bar.

At 8 a.m. the sun catches up with them as they glide down to a landing on John Rodgers airport in Honolulu and the attractive Australian stewardess bids them goodbye.

Many from Edmonton will be content to travel as far as San Francisco and they will be pleasantly surprised to learn the fare is only \$80 return from Vancouver. It is cheaper and almost twice as fast as its competing air line.

The San Francisco run is another example of the advantages to be enjoyed by Edmontonians under the new TCA schedule. Similar advantages exist for those who travel east and on across to England. Two flights a day to the U.K. are incorporated under the new schedule which is a decided advantage to air cargo users.

Canada's Own Airlift Proves Service Value

If there was ever any doubt about the value of air transport as a public service, it was dispelled by Canada's own airlift which operated in the spring of 1948.

Just a year ago the Fraser river was on the highest bender of its career. Spurred by an unprecedented fall of snow that poured itself into the mountains only to melt in a violent surge, the river carved through the canyons, flooded out over the fertile valleys and washed out rail lines and farms in its path.

For almost six weeks, farmers and volunteers manned the dikes in an effort to minimize the disaster. Railway men watched bridges float away and in spite of heroic efforts they were unable to maintain rail connections with the east.

FINEST HOUR

It was at that hour that Trans-Canada Air Lines found its finest hour.

Constantly, a stream of airplanes hurried the mountains to deliver stranded rail passengers to their destinations on the coast. When a broad shortage threatened due to fast-declining yield and four supplies, the planes delivered the goods and Vancouver kept eating.

It was the only link with the east.

At Calgary airport, TCA staffs worked themselves into exhaustion to cope with the rush of people who sought to fly and many of them were reluctant "first fliers."

But as is always the case with airplane travel, they merely had to try it to buy it and the majority have made air trips since.

Most startling revelation to these new air enthusiasts came when they applied at TCA ticket offices to pay their "extra" fare. An agreement was worked out with the railways to collect the difference in air fare between Calgary and Vancouver and many first class rail passengers were surprised to receive a rebate.

Pope Was Italy's Political Saviour

Even Protestants Must Back Church Against Communism

By George McCullagh
Publisher of the Toronto Globe and Mail

ROME, April 20.—In the last dispatch I mentioned the feelings which were awakened in me and probably in many others by the whole atmosphere of the Holy Week in Rome. I also spoke of many forebodings about the capacity of the present-day German to become a powerful friend in the near future. But Germany, as all would readily agree, presents no particular danger to the world peace which would peace is threatened from other quarters at the present moment.

The immense growth of communism and its increasingly strong hold over in various countries of Europe has been naturally much more disturbing. The specter of a cold war is not a new one, but the specter of a nuclear war is a new one. It is a direct and severe threat to the world.

A CLOSE CALL
It is believed Pope Pius XII had the following words to say in a speech made in the Vatican on March 26, 1955: "I would have tremendously regretted the possibility of a nuclear war." It was at that moment that the specter of a nuclear war was a direct and severe threat to the world.

A great many well-meaning men and women in the United States and Canada have been misled by the propaganda of the anti-communists. They have been misled by the propaganda of the anti-communists. They have been misled by the propaganda of the anti-communists.

I find it is important to make clear that the appeal of Pope XII, which resulted in the election of the Christian government, was not the turning point in the world. It was not the turning point in the world. It was not the turning point in the world.

DIFFICULT SITUATION
The political struggle is keen. The economic plight is just as keen and the democratic government of Italy today seems to be aware of its responsibilities and to realize that the standard of living of the people must be raised, more work must be found, more security must be created.

If we do consider communism the greatest evil of the present moment, we would be utterly unjust. I understand that both in Italy and in France, such criticism is not looked upon as a charitable comment. We ourselves in North America, might sometimes question the wisdom of supporting a religious group like the one represented by the Vatican and of strengthening its position in the political position.

manifestation, including a Catholic, capitalist, capitalist or any other manifestation. I don't think that today we must see the Church only as a hierarchy. As a hierarchy we must see it as a body of men who are not infallible. I am not coming from Rome to say that we delegate the fight against communism only to the Church. As a Protestant I say it is our duty to fight against communism.

Calgary Lumberman Is Dead In Victoria
CALGARY, April 20.—(UPI)—Eric C. Manning, 78, former Calgary alderman and president, Monday afternoon died in a hospital in Victoria.

Cattle Rustlers Busy
CARTWORTH, (UPI)—The most shortage here now is to find that cattle rustlers have started operations on a large scale. They are stealing cattle from the owners' pastures. They are stealing cattle from the owners' pastures. They are stealing cattle from the owners' pastures.

Montgomery Man Injured By Truck
CARTWORTH, April 20.—(UPI)—Group trustee of the Montgomery Ward department store, which was in a serious condition in hospital last night following a traffic accident. The injured man was taken to a hospital in a private ambulance.

MATCH THE TWINS CONTEST "CORRECT SOLUTION." The correct twin pairs Nos. 55 and 56 are the twins submitted by Mrs. C. Hansen of 11008 69 street, Edmonton, names of twins are Howard and Kenneth MacSparran and Nos. 57 and 81 are the twins submitted by Mrs. Sophie Tuxen of 11315 105 street, Edmonton, names of the twins are Mrs. Katharine Masterson and Mrs. Sophie Tuxen. The return of twin pictures will appear in the new Edmonton Bulletin for the complete 160 pictures comprising the correct 80 sets of twins with four pictures appearing in each day's paper.

Record of TCA Ranks With Best Airlines in the World

When Edmonton becomes a key point on Trans-Canada Air Lines third trans-continental route May 1, it will fulfill a dream that has long been close to the hearts of civic officials.

Aside from the fact the city will gain a measure of prestige, it will also become much more closely linked with a service which brings it to within a day of Britain and a mere few hours of the rich eastern markets of Montreal and Toronto. It will be within four hours of Vancouver, Canada's foremost western trading port.

ONLY ON PAPER
Everyone knows it is Canada's main air artery, subsidized by the government and its critics may point out that it had a deficit of some \$100,000 last year. If they probe into that figure they will find that almost 90 per cent of that figure is "on paper". Its actual cost to the taxpayer is comparatively nil as no extra charge is made to transport Canadian mail by air. Its service to the country is incalculable in value.

Complete Treatment for Halligan

By no stretch of the imagination can Ed Wouters as yet be rated a great or even near-great fighter. For instance you'll thumb for his name in vain through the pages of Nat Fleischer's Ring record book. And even on the coast the better middleweights of the Pacific Northwest have been getting to him over the past six months.

But one thing is for certain: the "Toy Bulldog," as some of the scribes had him tagged out Vancouver way, gave Eddie Halligan one large-size economy package going over on the Co. Palace last night.

Halligan and his co-manager, "Chuey" Haines, tried hard to work up a mad over the decision (unanimous, it was) when it was all over.

"He got the decision," Halligan mumbled, "but I know that's one fight I didn't lose." However, he didn't sound very convincing, even though he had the ears of two or three scribes, who hovered nearby, pencil a-quiver.

It may not have helped either when later, as they met near the showers, Wouters rubbed it in a little. "How old are you now, Eddie?" he cracked wise.

He Kept Moving In

As it was Wouters won a host of followers as he stalked Halligan relentlessly over most of the 10-round route.

To start he tucked his head down inside his arms and yanked right in to the thick of any trouble that might be brewing.

And for nine rounds, anyway, this was the pattern for the Montreal-born clouter who little more than two years ago was fighting in the prelims at the Alberta Avenue curling rink, son-in-law of Andy Auld, Barney O'Connor and associates of Edmonton Boxing Enterprises.

There was no running away for Wouters. Last night he was a tough, hard, truculent fighter. He moved in on his colored opponent and started there from bell to bell, disdaining to worry about the dynamite that never quite seems to explode in those flailing Halligan fists.

A desperate Halligan made the running in the 10th last, but even there he didn't come close to having Wouters in danger of the knockout he needed to come away a winner.

It will be a long time before the 170 or so customers in the pews forget that last round. There was enough action crammed into those three minutes alone to satisfy even the most critical.

The Scales Have Been Balanced

And if promoter Gene Mason has been paying in the last while for one or two earlier bad shows, certainly he has made full restitution as of last night.

This was an excitement-saturated offering from first to last, easily one of the top fight programs ever to be offered here.

There's talk already of a return match between Wouters and Halligan, although the former tossed considerable ice water on the idea almost before it was born by announcing that he was heading home to Montreal, pronto and but quick.

"I can make more money down there," he explained. It's our understanding that most fighters look at the thing this same way.

But in the event that somehow or other the Toy Bulldog is prevailed upon to defer his return east a few weeks longer, thus making it possible for Mason to feature the headlines of last evening in the same ring again, it's 100-1 the SHO sign will go up hours before fight time.

The Halligan camp is holding that their fighter wasn't quite in top condition for last night's wing-ding. Manager Bobby Burns (he reached out for Halligan's contract the other day, paying Haines \$700 for it) is talking a \$1,000 winner-take-all deal for two weeks hence.

We say: "What're they waiting for?"

Frank Selke Blasts Churchmen's Charges

WINNIPEG, April 29.—(CP)—General manager Frank Selke of the Montreal Canadiens branded as "totally false and unfounded" last night the charges by Anglican churchmen in Montreal that young stars are being exploited by professional hockey.

Selke, here for the Memorial Cup junior hockey final, made the statement in commenting on the resolution adopted by delegates to the 90th Synod of the Anglican Diocese of Montreal. Resolution disapproved of "the exploitation of young boys by many juvenile and youth leagues" sponsored by the pros.

Said Selke: "Since the accusation is totally false and unfounded, the repeated resolutions in question have left themselves open to ridicule."

"Divinely educated, having failed in their handling of a few problem children are trying to shift the onus on to the hockey people. No minor hockey leagues play at the Forum excepting the school teams who have organized leagues which play after school games as part of a school physical program."

"These games are conducted at loss of many hundreds of dollars to the Forum. When I tried to have the C.A.H.A. direct a few of the Memorial Cup games to Montreal specifically offered a third of the receipts to each of the competing clubs, retaining the other third for boys' work in the province of Quebec."

Said Selke: "Executive meeting of the Edmonton Lawn Bowling association will be held tonight at the Garneau club. Sessions starts at 8 o'clock."

SCOUTING TRIP To California for imports to bolster Edmonton Eskimos' grid machine was "very successful," according to Earl Kiley and other Esk officials. They won't disclose identity of Americans "For a few days" however.

Eskimos, Cubs Continue Drills

The Big Four Baseball league season is but two weeks away and manager Leo Edwards was a businesslike figure as Edmonton Cubs went through a 2 1/2 hour workout at Renfrew last night.

With some 20 hopefuls on hand below the Hill Stadiums came the day's progressively through paper, bat, ball and fielding drills. Hot-headed pitchers, five in all, could be seen leaping around the outfield as the long season.

In the other Edmonton camp that of the Cubs, the training out process already has begun under the coaching of manager Ralph Morgan. Boss Morgan thinks his boys are coming along fine, thank you, and expects to have a full crew on hand come opening day when they journey to Calgary, where he has heard from Jack McGill, who chases packs for Providence of the American league, says that the winter, played left field for Bats last season.

Business manager Duery declines to name any of the outsiders he expects to have on hand.

"Look what happened last year," he said. "I named six fellows who said they would come and then they didn't show up. I'm not giving any chances this year."

Back in the Cub camp things are shaping up well and the club dwellers of last year look like they will be considerably stronger for the 1954 chase.

In any event, they may outshine any other club in the town if last evening's practice is any criterion. From veteran Laurel Rarny down through the O'Connors, Rex Clarkson and to the youngest rookie, everyone is hustling.

Cub plan to connect Clarkson, previously an outfielder, into a shortstop. He has played the infield before but was shipped to the garden because of his speed alone.

Both clubs will practice again tonight.

Vancouver Seeks Diamond Belt

VANCOUVER, April 29.—(CP)—The British Columbia branch of the Amateur Athletic Union, following a meeting Wednesday, has urged Edmonton regarding summer prize city decisions to sponsor the western Canada Diamond Belt boxing championships.

Should Edmonton decline, the organization said Vancouver will bid for the honor.

160. Note: The Edmonton Amateur Boxing and Wrestling Association has declined the event due to lack of funds.

Montreal Upsets Wheat Kings 3-2

Brandon's Four-Leaf Clover In Slightly Wilted State

WINNIPEG, April 29.—(CP)—Brandon Wheat Kings have yet to lose two consecutive games this season, but if the spirit of Montreal Royals, both on the ice and in the dressing room after last night's Memorial Cup final quarter, is any criterion, the Manitoba club will be hard pressed to keep its record intact.

Royals' 3d win notwithstanding, Montreal coach Ted Miller said his team played the worst game in a major league hockey series of taking the series, he conceded, however, that it would be the toughest.

WHEAT TO STOP MAY Means means agreed, although goalie Bobby Beau, played a game of a game, asked cleverly, fully what was to stop Royals now?

Atmosphere in Wheat Kings' dressing room was more subdued, although the players trooped in after the game saying the theme song sounded early in the playoff series: "I'm Looking Over a Four-Leaf Clover."

Coches Bill MacKenzie appeared most worried over forward Reg Abbott, who suffered a severe knee injury when crashing into the boards. It was not known immediately whether Abbott would be available for the next game.

MACKENZIE MUM MacKenzie had little to say but suggested Brandon could play better hockey. With the second game of the best-of-seven series scheduled for Brandon's home arena Saturday, it was expected MacKenzie would go into a hostile with the team with intent to improve their performance under Royals' net.

In last night's game, although hitting up Montreal behind their own line, Wheat Kings failed to sink on several occasions when on top of Beau.

Wuchell, Bennett and Hirschfeld (the clubber) seemed for Hawks, while Brian and Juckes noticed nothing for Brandon.

A fan was escorted from the rink in the third period for throwing a bottle on the ice following a penalty to Brandon's Bob Christy. Harms and programs also showed the ice following a four-minute delay while attendants cleared the surface which showed spots of water towards the end of the game.

Royals' main concern after the game was whether they'd broken the record for consecutive wins in Memorial Cup playoff games. Last night's win was their 10th in a row, but after a general confab they decided to check the record books before hosting a postgame for a possible record.

McSpaden Warns 'Over the Hump' Golfers to Quit

NEW YORK, April 29.—(AP)—Donald (Pat) McSpaden says the fever of the tournament, golfers is live to 10 years longer than it was a decade ago. But he advises his fellow pros.

"Get off that tough downhill, don't expect anyone to quit," he says.

"I think a fellow makes a mistake in trying to make a living in tournament golf after he's over 40. It's not his meat," the 40-year-old Kansas City star, "When he gets up in his mid 40s he should be looking around for a permanent job with some stability."

But McSpaden says he'll keep going downhill, then he'll suddenly find the whole rig pulled out from under him.

McSpaden, who with Byron Nelson, formed the famous "Birdie Club" team of the early 30s, as a man who apparently doesn't quit on anything.

A few years ago his name appeared in the who's who of golfing.

C.S. Tennis

and Seattle Tennis Club is to be the first to play and anyone interested in joining (provided) in an official meeting of the club will take place May 1st.

Williams Starts Boston Rolling

Has Perfect Day as Sox Shaking Slow-Starting Jinx

NEW YORK, April 20.—(AP)—Last year Boston Red Sox stunned the American League pennant by a whacker and the baseball experts blamed a slow start for their downfall. The trouble, they said, was that the Sox didn't hit enough runs from the first inning.

"This year Boston is the opposite," said a baseball expert. "First six innings, Boston scored four runs. Then they scored 10 runs in the seventh and 10 runs in the eighth and 10 runs in the ninth."

Up to yesterday Vern Stephens carried the mail, hitting four home runs and driving in 12 runs to lead the league in both departments. But yesterday Ted Williams, the club's top-ranking slugger, cut loose in what may be the payoff for Boston's early-season drive.

Williams had a perfect day as he went 4 for 4, hitting five runs and driving in 10 runs. He also had a single and a double and a home run.

Meanwhile the New York Yankees trailed the Red Sox by a 10-0 victory over Washington Senators for their eighth straight win. The Yankees' lead in the series was 10-0.

Williams had a perfect day as he went 4 for 4, hitting five runs and driving in 10 runs. He also had a single and a double and a home run.

Williams had a perfect day as he went 4 for 4, hitting five runs and driving in 10 runs. He also had a single and a double and a home run.

MUSIC HATH CHARM—14, so has blonde 15-year-old Jacqueline MacMahon, 10510 93 street, who is to represent Edmonton at the Calgary Stampede in July. Chosen by Avenue Teens, whose turn it is this year to send a representative, the blue-eyed Jackie will attempt to bring back beauty honors to Edmonton. Here she listens to favorite music on a record player.

SHE'S AN OPEN AIR gal, is Edmonton's Jackie MacMahon. Ambition in life is to become a physical training instructor. Already she is teaching gym to Community Leaguers at Riverdale and Westmount and instructing YWCA members how to swim. Prince, her dog, sometimes goes with her on horse-riding or cycling expeditions.

SHE STUDIES too. And at present the tall, slender Jackie is taking a general course at the McDougall Commercial High School. Her trip to Calgary will be sponsored by the Association of Canadian Travelers, Edmonton branch. She'll be leaving the Alberta capital for the southern city round July 10. Calgary stampedeers watch out!

Street Fight Has Sequel

Nationals Argue Over Who Hit Who and Why

Canadian citizenship seemed forgotten yesterday when city police court became the scene of a clash between two nationalists.

Yurynek, who gave his evidence with the aid of an interpreter, alleged that Arkistad, a man he called Arkistad, had hit him by a particularly insulting name, and that Arkistad had been in a number of fights on the street.

He denied attacking Arkistad, as the latter left a city hotel, but the hearing will continue today when Arkistad is also expected to appear in the stand on a charge of assault.

The hearing will continue today when Arkistad is also expected to appear in the stand on a charge of assault.

Arkistad, who gave his evidence with the aid of an interpreter, alleged that Arkistad, a man he called Arkistad, had hit him by a particularly insulting name, and that Arkistad had been in a number of fights on the street.

He denied attacking Arkistad, as the latter left a city hotel, but the hearing will continue today when Arkistad is also expected to appear in the stand on a charge of assault.

Fear of Starvation Said Cause of Theft

Fear of starvation for his family led Walter Pawluk of Seba Beach to desperate lengths.

Or so he says in a statement which has been made to police officers who arrested him on suspicion of possessing stolen property.

Yesterday that statement was read in city police court, where Pawluk and another man, William W. Filipek, were both committed for trial at the next Supreme Court on charges of possessing 5000 feet of lumber, stolen April 18 from the yards of Construction Products Ltd., 211 avenue and 119 street, Edmonton.

"I was out of work," Pawluk is alleged to have said in his statement to the police.

"I decided to make money some way to keep my family from starving. They were going hungry."

Filipek is alleged to have said he was compelled to steal lumber on his failure to raise money.

Both were allowed bail in the sum of \$2,000 each.

EDMONTON MAN GETS GOV'T POST

Government employee since 1932, W. C. Ford, 11342 96 street, has been appointed superintendent of the Alberta and Saskatchewan division of the Dominion government telegraph and telephone service.

He succeeds P. R. Elmer, who has retired, and will be stationed at Edmonton.

Mr. Ford was employed with CNR telegraph at Prince George, BC, from 1922 to 1928, and joined the government service later at Edmonton. He was an operator at Ground from 1928 to 1942, and after his return to Edmonton was transferred to the office division in 1944.

Accountants Name New Executive Here

Membership in the Edmonton Chapter of the Society of Industrial Accountants has greatly increased in the past year.

This was shown in the report of the annual meeting held recently in the Coronation Hotel.

Increase in membership is largely due to enrollment of 35 students members attending night courses at the University of Alberta.

Annual report was delivered by retiring chairman W. H. McMillan. Executive officers chosen for next chapter year are: Robert Forrest, I. P. Green, T. H. Hunt, Roland Wood, Dwight Robinson, J. H. Thomas and D. A. Flewener.

A new chairman will be selected from this group.

Plans were made for entertaining delegates to the annual convention of the Dominion Society of Industrial Accountants to be held in Banff early in July.

The group will spend the day in Edmonton on July 2, luncheon.

City Man Perfects Early-Ripe Tomato

Green fingers of Andrew Frum, 9117 36 avenue, which have a way of coaxing growing things to the sunlight, have succeeded a tomato plant into ripening four or five days earlier than other good garden varieties in Canada.

The early Alberta tomato, bred in his own little independent raising house in western Canada.

The plant has been included in department of agriculture files all across Canada and R. J. Hilton, associate professor of horticulture at the University of Alberta reports the fruit has ripened four to five days earlier than other standard garden varieties.

The University of Alberta this year started the process of maintaining foundation seed of the early Alberta tomato.

Registration of his tomato is not possible in Canada at present because there is no plant patent set up here, but Mr. Frum hopes to register it in the U.S.A. this fall.

The fruit-bearing ripening early is bright red, medium sized, and firm. Mr. Frum hopes to have about 400 plants of the variety.

He is presently engaged also in experimenting a peach tree which he hopes will come with Alberta winters and give with Alberta summers.

Boy Scouts Are Proud Of Fine Work in '48

OTTAWA, April 20.—(CP)—More than 100,000 Canadian Boy Scouts and Cubs today looked back with pride on a year of good turns during which they fought floods, helped beat power shortages and rendered service in hundreds of charitable campaigns across the dominion.

TORY MEMBER SAYS GARDINER RULES FARMERS

BOISEVAIN, Man., April 20.—(CP)—For the past ten years Agriculture Minister J. G. Gardiner has been given the power to make or break the farmer, C. C. Merrett, V.C. MP for Vancouver-Burnaby, says the Conservative nominating convention here last night.

Mr. Merrett called it a "one man rule of a farmer."

Carl Arthur Ross, M.P., was unanimously nominated Progressive Conservative candidate for the South federal riding during the convention.

Min Engineer Kills Himself

THIERTH MINES, Que., April 20.—(CP)—A coroner's jury yesterday returned a verdict of suicide in the death by gunshot yesterday of R. A. Rainbolt, 56, asbestos mine engineer.

The coroner's jury decided that Rainbolt, found fatally wounded in the cellar of his home here Wednesday, died of self-inflicted gunshot wounds "during a moment of mental derangement."

Witnesses said Rainbolt, superintendent and chief engineer of Asbestos Corporation, one of several companies involved in the asbestos miners' wage increase fight, had been in a state of "nervous depression" for some time.

HIROHITO BIRTHDAY PASSES UNNOTICED

TOKYO, April 29.—(UPI)—Tokyo's biggest newspapers gave the cold shoulder to Emperor Hirohito on his 48th birthday today.

Mainichi and Asahi did not even mention the occasion, Yomiuri carried a single-line story.

Before and during the war, all newspapers ran four-column birthday pictures of Hirohito on the front pages with detailed captions describing his health and concern for the people's welfare.
